

Hybrid Pilot Applications are open for the WSC in San Francisco.

This year we are OFFICIALLY opening the World Service Conference to a limited number of remote participants.

With this announcement we open applications for the **Hybrid Pilot up to all GSRs and ISRs** who are unable to attend in person and wish to apply for remote participation, and whose groups can pay the registration fee.

If you are a GSR or ISR and you are unable to attend in person, please apply. We do ask that your group has \$950 to register. To apply, please click the “I wish to apply” checkbox in the following form to apply as a remote participant:

[Click Here for the Application Form](#)

Please note: Those who've already registered for in-person attendance are ineligible for the **Hybrid Pilot** program.

The goal is to allow remote participants to be seen and heard and to fully participate in Convocation and other closed sessions of the World Service Conference and in committee meetings.

We anticipate that remote participants will be able to see and hear clearly through this officially sanctioned Hybrid Pilot program. Part of the registration fees will be used to purchase the equipment we need to share the conference with you.

We are excited to welcome all GSRs and ISRs to the application process! We look forward to your applications.

We ask that you try to apply by July 22.

Filling out the application is not the same as registering for the Conference. That will come later if you are selected. Do not register until instructed to do so. We do have openings.
